## Hobbies:

- Futurology
- Board games
- Bike trips

## English:

- A2, at in progress

## Manual QA Engineer

# Yurii Dubeniuk

**Objective:** To obtain a position of Manual QA Engineer with career prospects.

**Summary:** I'm interested in testing and QA of software and web-services since 2017. In November 2020 I successfully completed the [QA Engineer](#) course at [Golt](#) school. While studying I received a strong knowledge and skills that are needed for the profession. Also, I was a TeamLead in the intern QA-team for testing a real project: online-store [BigMag](#). We worked based on SCRUM-methodology.

Now there is a desire to gradually develop into AQA.

Additionally, I passed some IT-courses on Web-development and testing (QA) on the educational platform [Udemy](#) (with certificates). I continue self-development with mentors and QA/Web-dev.-coaches.

## Work experience:

### uTest/Test.io - Manual QA, Self-development (Udemy) **Freelance**

January 2022 – to this day | Ukraine

- Functional, ui/ux, web/mobile-testing, exploratory testing, re-test
- Localization and tracking the life cycle of bugs found
- Working with test-cases/bug reports
- Working with SRS/BRD
- Working with Log-files

### Alfa-Bank Ukraine - Middle Manual QA Engineer

September 2021 – December 2021 | Ukraine

- Functional/Integration/Smoke testing
- Localization and elimination of bugs
- Worked with test-cases/test-suites/checklists/bug-reports
- Worked with SRS/BRD
- Worked with Log-files
- Reported on the work done
- WF, Scrum/Agile

### Golt company – Junior Manual QA Engineer

October 2020 – August 2021 | Ukraine

- Manual testing of web services (platforms for online learning with gamification, chat-bots in Telegram)
- Teamwork in Jira
- Worked with checklists, test-cases, test-suites, bug-reports
- Worked on sprints in Agile (Scrum)
- Localization and tracking of the life cycle of defects found
- Development and implementation of product specification (backlog: user-story)
- Analysis and reporting

## Education:

### Kyiv National University of Culture

IT-Management, bachelor's degree

## Additional education:

August 2017 – up to now | Ukraine

Training at IT-schools: [Golt](#) - courses [QA Engineer](#) and [Front-End](#); [Prog.kiev.ua](#) - course: [QA-Start](#).

Training on educational on-line platform: [Udemy](#) - courses on QA/AQA and Web-development.

## About me:

Communication, attentional to detail, perfectionism moderate, accuracy, adequacy and non-conflict, flexibility of thinking, team player, without bad habits.
